

*When we express anarchist ideas honestly, humbly, and passionately, it can reveal that many of those who remain silent are already partially on our side. Inertia and common values work against us and favor the populists and democrats, but anarchist ideas almost always win a debate because they speak to an inalienable impulse towards freedom that exists in everyone who still has a heart. The important thing, then, is to participate in the debate, as long as that debate does not legitimize official political channels but takes place between ordinary people.*
